

G8/ P1

Group Members: Zachary Simmons, Richard Johnson, Frank Calhoun, Immanuel Korkoyah

Element G:

Step	Tools Used
Step 1: Measured, sawed, and cut the original piece of wood	Ruler, Saw machine, marker, slab of wood
Step 2: Sanded the pieces to make them even	Sanding device, wood, marker
Step 3: Cut out small wooden blocks to keep the sides of the design in place and to measure them.	Saw machine, wooden blocks, ruler
Step 4: Used extra wood to cut out separators for the model.	Wooden slabs, saw, sanding device
Step 5: Used caulk to keep the separators in place.	Caulk, wooden blocks
Step 6: Painted the final model for our stakeholder's desires.	Black Paint
