

Include main details about this prior design attempt

Analysis Design is a bit large, maybe impractical.

Provide evidence and explain what parts of this prior design attempt were unsuccessful at solving the defined problem and why based on design requirements.

Details: Darkens when in sunlight and lightens when not. It is like a sheet of plastic also its automatic.

Prior Design Attempt #2

This design helped the main issue but it can't move and it's not automatic

Analysis

This plant shade is going to help with growth of the plant and reduce the excessive heat and sun exposure on the plant.

Prior Design Attempt #3

Image

Include at least one image of this prior design attempt. Make sure to cite all images.

Details: It lets in light but does nothing to shade it.

Include main details about this prior design attempt

Analysis: Does not move

Provide evidence and explain what parts of this prior design attempt were unsuccessful at solving the defined problem and why based on design requirements.

Prior Design Attempt #4

Source

Image

Include at least one image of this prior design attempt. Make sure to cite all images.

Details: Does not let in sunlight and doesn't move

Include main details about this prior design attempt

Analysis: It is a very flawed design and will not work

Provide evidence and explain what parts of this prior design attempt were unsuccessful at solving the defined problem and why based on design requirements.

Prior Design Attempt #5

Details: Shades but lets in little light and isn't automatic

Include main details about this prior design attempt
