

- What could be done next to go further?

We could've done designs for different types of shower heads.

- What would you keep if you did the project again?

We would keep the idea of making a tablet because it's affordable

- What would you change?

The difficulty of it with our resources would be a good change because we could buy more things for it

- What would have made this project easier for you to complete?

I would change how our planning went and would've brainstormed better.

Detailed Plans for Implementation of Improvements

I think we could've started earlier, got more help from experts, and asked for more materials to help us have more trial and error.
